“Imitate Jesus by being honest and making sacrifices and always telling the truth. Thank you for donating money to our parish. It’s helping a lot. Without money, the church would be run down. With money, it is strong; and that’s how our community is.” Lluvia Devora

“There’s something special here at St. Mary’s that I love. This school is very beautiful. They treat you like you’re in the family. I learned that Jesus was always there for other people. It’s important to share and treat people how you want to be treated.” Sabrina Solis

“Catholic school teachers identify with the role of Jesus as Teacher. If you support Together in Mission, you don’t know the difference you make in other people’s lives. You make life better, more inspired, empowering people to do what they need to do.” Lilybeth Martin

SACRED HEART PARISH, COVINA

“It’s important to support other parishes in need and to help families that perhaps can’t support themselves. We can be a part of that, so our faith can continue to grow and make a difference through Together in Mission. It’s a great program.” Deacon Richard and Ivonne Salcido

“Supporting Together in Mission is the Christian thing to do. It’s our obligation as a diocese to support each other. If you don’t give to Together in Mission, you miss the sense of family and being part of the Catholic community.” Alice and Jerry Fahey

“Christ didn’t so much give to the poor as he loved the poor. He teaches us to love them; and because we love them we help them. Giving to Together in Mission helps parishes in poor neighborhoods to continue their worship.” Father William Easterling
