## **Valid Photo Identification**

The Live Scan Operator is responsible for confirming the validity of an applicant's photo identification. Accepting forms of identification other than ones listed below places sole liability upon the Live Scan Agency. This document utilizes the suggested forms of primary and secondary identification as outlined in the 2014 publication of the National Crime Prevention and Privacy Compact Council's *Identity Verification Program Guide for Fingerprint Submitting Agencies & Contractors*. The California Department of Justice (DOJ) requires Live Scan Operators to accept only current, valid, and unexpired picture identification as the primary identification. The Live Scan Operator must examine the photo identification presented to ensure **all** of the following:

- The personal descriptor information (name, gender, date of birth, etc.) matches the information provided on the "Request for Live Scan Service" form (BCIA 8016)
- The expiration date has not elapsed
- The photograph reasonably resembles the applicant's physical appearance

### **Primary Forms of Identification**

- Utility Bill (Address)
